eSports - Web Design Summative

Mr. Frey - December 2, 2022

Goal: To demonstrate an understanding of basic HTML tags for the purpose of creating a web page.

Instructions:

Design a web page to compare video game controllers (any era).

Friday:

☐ Save a basic HTML file that has the standard tag structure for things like the title and body.

☐ Add in comments at the top that clearly indicate your name and date

☐ Add a large heading at the top

☐ Write an introductory paragraph of what you are comparing

☐ Add in a table that shows the comparison of at least two products and at least three features

☐ Add in a smaller heading above the table

☐ Add a picture of each controller

Monday:

☐ Add a hyperlink

☐ Add in formatting for bold

☐ Add in formatting for italics

☐ Add in formatting for a colour

☐ Add in PHP or JavaScript that affects the text on the page

☐ Add one new HTML tag not discussed in class

☐ Add in comments to explain what the tag does

Bonus: add in a button and write a script for it

Due: Monday, December 5, 2022

Submit the HTML file in Showbie

Marking Scheme:

- ☐ 1   Saved as HTML file
- ☐ 3   Standard tag structure
- ☐ 2   Comments for name and date
- ☐ 1   Large heading at the top
- ☐ 2   Introductory paragraph
- ☐ 6   Table compares at least two products and at least three features
- ☐ 1   Table has small heading
- ☐ 2   A picture for each controller
- ☐ 1   Hyperlink
- ☐ 1   Format bold
- ☐ 1   Format italics
- ☐ 1   Format colour
- ☐ 2   PHP or JavaScript
- ☐ 2   New HTML tag
- ☐ 1   Comment explains the new HTML tag
